**February 23-25, 2020**

**Seattle, WA**

*at the Motif, a boutique hotel in the core of downtown*

# POWER THE SPARK THAT IGNITES CHANGE

*Experience how together we are building an inclusive movement in which resources, knowledge, and relationships are combined to transform our communities across the country.*

*Learn the tools to begin -- or step up -- inclusion work in your organization and community. Discuss and evaluate areas such as organizational culture, membership, grantmaking and grantees, governance, finance, language, advocacy, empathy, bias, power dynamics and more.*

*Stretch and challenge your role as a philanthropist, individually and as a member of a collective giving organization, so you are inspired, informed and equipped to lead change in your community.*

Hosted by  WA
